euroKEEPER™ Locking Displays

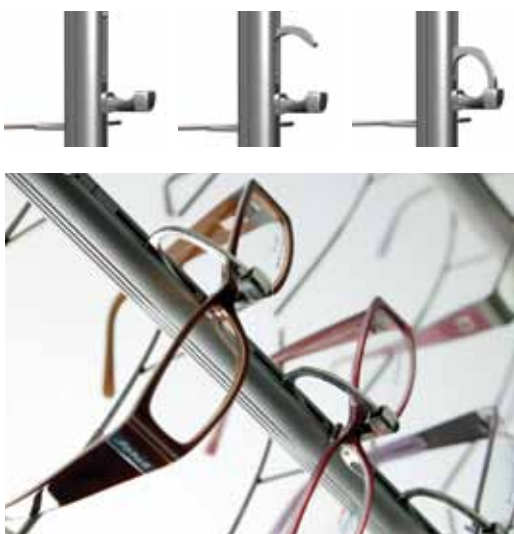

With a single turn of a key, all the frames on the rod unlock instantly. It's pure genius in anti-theft design—stainless steel locks keep your inventory safe while leaving it readily available. Shoppers can see it, touch it... but not walk off with it.

Vertical distance between frames: 2.2" (56mm)

Lock Opening: 0.71" (18mm)

| LENGTH | # FRAMES | ITEM # | PRICE |

euroROTO™ Receding-Lock Displays

Like the euroKEEPER, with a single turn of a key, all the frames on the rod unlock instantly. But the ROTO locks are designed to recede completely into the rod, leaving unhampered access to the eyewear. And when the locks disappear, the rod looks stylishly sleek. Anti-theft protection with choices—revolutionary!

Vertical distance between frames: 2.76" (70mm)
